TAKE ADVANTAGE OF THIS SALE OF WOMEN'S STYLISH SUITS

\$9.75

\$15.00

If we could just tell you through the papers how many women of this city and vicinity have taken advantage of this sale of Women's Stylish Spring Suits, we know that YOU would be here to morrow as soon after 8 o'clock as possible.

In the past we have had some remarkable bargains in Coats and Suits, but never before have reduced SO MANY stylish suits, SO EARLY in the season and at SUCH A DECIDED REDUCTION.

Don't gauge the quality of these suits by the reduced price. Consider when reading this that you are reading of suits that are worth more than our REGULAR price. They are not only good values at the reduced price, but excellent values at the REGULAR price. The difference between the regular and the reduced figures is what you SAVE—otherwise it wouldn't be in

Lot No. 1, \$9.75

Regular \$15.00 quality. This season's new spring styles; cutaway and straight front effects; all semi-fitted; the materials are Panama and herringbone serge; colors black, navy, green and brown. All satin lined; some have black satin collars and cuffs. At this special price of \$9.75 every person who really wants a suit should take advantage of this sale.

Lot No. 2, \$15.00

Regular \$22.50 quality. It is hardly possible to make a suit with more style than this particular lot. Every suit is the verylatest cut and with those little "differences" that distinguish the high-priced clothing. The newest shapes only

are included; the jackets are mostly 34 inches long. Materials French serge, shadow stripe, Panama and worsted; colors are rose, gray, navy and all of the best spring shades and black; the linings are plain, all striped satin and chiffon taffeta.

Lot No. 3, \$20.00

Regular \$30.00 quality. And in this lot are the best suits in Wilmington. We don't except any store, any make or any kind. They are the best for style, wear and price—and you will say so, too, when you see them. The sizes are mostly 36 to 38—that's why they are reduced. The materials are satin-striped Prunella, worsted and French serge. Colors are dark and light blue, rose, catawba, grey and light mixed cloths; the skirts are the new-gored model with the stylish high bodice belt; taffeta lined.

Good roads have been built by co-operation among farmers, and, perhaps, no sort of co-operation has paid them better returns than this. These roads are generally built by stock companies, made up of farmers along the road to be improved.
A striking instance is that of the Harrisonburg and Rawley Springs turnpike, in Virginia. It is 12 miles long, extending through a rich farming community Its first cost was not over \$1,000 a mile.
